

NFF PACKAGING SOLUTIONS CORP. was organized in October 2017. What used to be a division of NFF-Industrial Corporation, the company became one of the leading providers of engineering solutions to packaging for major industries in the Philippine market. With its strong

COMPANY BACKGROUND

links to world renowned manufacturers of packaging products, its position in the market has certainly been clearly defined.

NFF-PSC is focused with the manufacturing and distribution of Flexible Intermediate Bulk Container Bags (FIBCs) and Slings for customers handling powders and bulk products.

To support the demand, a 20,000 sq. meter factory in Trece Martires City, Cavite in the island of Luzon was built. This facility produces products with the highest quality level under the supervision of highly qualified technical staff.

Covering basically the entire packaging industries, NFF packaging solutions added Stretch Wrapping Machines and FIBC un-loader system for the following industries:

CEMENT

FLOUR MILLING

RICE MILLING

WOOD PROCESSING

SUGAR

FOOD & BEVERAGE
